## Web Developer

---

**Shannon Burris**  
208 East Beacon Road Lakeland, FL 33803  
863-255-6043  
Shannonjburris@gmail.com  
GitHub: <https://github.com/shannonjburris>

---

I am a full-stack web developer utilizing a background in education to provide a scaffolded and clean approach from development to deployment. I earned a certificate in Full Stack Web Development from the University of Central Florida Coding Boot Camp which honed my skills as a creative problem-solver who is passionate about developing apps with a focus on user experience and accessibility. My unique background in education and music production make me a strong developer with a vision and drive for the end product.

---

### Technical Skills

**Languages:** JavaScript ES6+, CSS3, HTML5, SQL, NoSQL

**Applications:** GitHub, MongoDB, MySQL

**Tools:** Express, React, Node, Handlebars, Query, Bootstrap

---

### Projects

#### Well Waves

- Summary: Full-stack React application that serves as an interactive sound therapy tool for both patient and provider use in music therapy practices.
- Role: Full-stack developer
- Tools: HTML, CSS, JavaScript, API, React, React-strap

#### Clean Water Project

- Summary: Clean Water Project uses crowdsourcing to identify and record algae in the Florida waterways to aid in public safety and encourage community engagement. It allows users to create an account and upload images for identification.
- Role: Developer
- Tools: Express, Express Handlebars, MySQL, JavaScript, jQuery, Multer, s3, google maps API

#### Weather Dashboard

- Summary: Weather dashboard uses a weather API call to gather data and display a forecast on the page. It saves previous searches so the user has quick access to previous locations.
- Role: Sole author
- Tools: HTML, CSS, JavaScript, jQuery, API, Bootstrap, Font Awesome

---
